

Yamhill County Camera Club
October 9, 2007

23 people in attendance.

Clinic night is changing to a start time of 7:00.

New club balance is \$2038.23

Ed opened meeting by requesting ideas/suggestions of topics for future meetings. Some of the suggestions from Ed and by members:

- 1) Photo handling after the fact. Now what...Flow to finish.
- 2) White balance techniques on computer and/or camera
- 3) Dng file format
- 4) Sensor cleaning
- 5) Fieldtrip/slideshows

Ed passed around a sign up sheet for further suggestions.

The 4C's has an upcoming interclub Photo Travel Division, do we as a club want to participate? If so we would need to have a separate competition, all submissions will need to be all slides OR all digital. Club voted to enter, the month of December we will have 2 competitions, each member is allowed to bring up to 3 images for the Photo Travel Division Competition.

Grant application update. The grant has been submitted and the results will be announced by November 7th.

Stuart gave a 4C's Convention update. Great attendance already signed up for convention and fieldtrips. Call for more volunteers to help out with fieldtrips since there is a higher than expected signups.

Calendar update: The selection committee has finished the selection process and have narrowed down the submissions to 13 images and presented a slideshow of the final images.

Gene Davis will have a slideshow presentation with the Mid Valley Travel Club at 7:00 a the Salem Public Library.
