PRESIDENT STUIE'S MESSAGE

It is with sincere appreciation that I offer many thanks to everyone who contributed to an incredibly successful Silent Auction Fund Raiser and a Christmas Potluck during December. Just over \$300 was raised and members went home with a variety of very nice items that were donated by club members. This is a very positive step forward, especially for a small camera club.

Field trips are a wonderful opportunity to meet and interact with other club members. I want to offer a very special thank you to Shannon Trunde for her work in heading up the field trip committee. Shannon is working hard to provide opportunities for club members to get out in the field and take exciting photos. Remember to take advantage of these opportunities. If you have suggestions for field trips, improvements, or other interactive opportunities, contact Shannon Trunde.

I also want to give a huge thank you to Tom for his exceptional presentation on how to use PowerPoint! Several members wrote me saying how much they enjoyed it. It is through the dedication of members like Tom that club members benefit and learn more about the wonderful world of photography.

As President, I have asked the club officers to meet with me to address the direction of the club for the remainder of the year. To help us with this process, we would like your input. Tell us what is going right, what changes you would like to see happen, what you want to receive from

being a club member, and most importantly, what assistance do you have to lend to the club to help meet your expectations? Please email me with your thoughts and suggestions by Sunday, February 5, 2006 at www.yamhillcameraclub.org. I am excited about our club and am looking forward to hearing from you.

Through an informal poll, the membership has defined a list of what they would like to learn, including:

- Rules of Composition
- Rules of Design
- Filters
- Cataloging Images
- Exposure Values
- Using Flash
- Travel program
- Filters and Their Uses
- Framing Macros
- Calibration of Monitor/Print

Many members have requested presentations on Photoshop with an emphasis on cloning, unsharp mask, resizing, and layers. We need knowledgeable members to lead presentations in a discussion format on these topics. If you have expertise in one or more of these areas and are interested in putting on a 20-30 minute presentation during the monthly camera club meeting, please contact me at yvcc@yamhillcameraclub.org to volunteer your assistance.
